LETTER OF DEFICIENCY #WELL - 04-06

Subject: Wells Constructed for Royal Oaks Estates, Raymond, NH

Dear Mr. Costa:

A review of the New Hampshire Department of Environmental Services ("DES") public water supply records indicate that Comac Pump & Well LLC constructed three wells for the Royal Oaks Estates in Raymond, NH on July 2 & 3 and September 19, 2002. A search of the NH Water Well Board ("Board") records indicate that only one well completion report was submitted to the Board for these wells, the well completed on September 19, 2002.

RSA 482-B:10 and We 801.03(a) and (c) require a water well contractor to file a well completion report with the Board within 90 days following completion of the well.

Please submit the two additional well completion reports to the Board within 14 days of receipt of this notice.

The DES record, (facsimiles of the well completion reports) indicate that the wells were drilled for Rafik Papalian and were identified as well # 02503 and well # 02504. Please note that reports submitted to DES in association with permits or approvals does not satisfy the requirement for filing well completion reports with the Water Well Board, pursuant to RSA 482-B:10.

Failure to comply with this request within 14 days may result in the issuance of an administrative fine in accordance with the provisions of RSA 482-B:16 and Env-C 616.02 (e).

If you have any questions, please call Rick Schofield at 271-1974

Very truly yours,

COPY
